ELEMENTI[®]

HOME

ELEMENTI®

Originated in California, USA, ELEMENTI is a pioneering global brand of high-end outdoor furniture staffed with an international team of designers, artists and master craftsmen. With years of expertise refining design and manufacturing techniques, we integrate the essence of modern aesthetics, prioritize exquisite workmanship, and source premium world-class materials.

Drawing inspiration from the six natural elements—stone, earth, wood, water, fire and air—our design blends the laid-back American lifestyle with serene Scandinavian minimalism, forming our signature open, calm and tranquil aesthetic. To us, design is far more than decoration; it embodies the profound bond between nature, materials and humanity. Every piece is crafted with devotion and sharp aesthetic awareness, striking a perfect balance of shape, material and ambiance that delivers both visual charm and immersive tactile texture. Our creations merge raw natural authenticity with timeless elegance, bearing the mark of nature and the spirit of fine craftsmanship.

We champion the art of natural living, pursuing harmony between humans and landscapes, architecture and emotion, permanence and transition. We craft minimalist, sensory and tranquil outdoor spaces that slow life’s tempo and encourage mindful living. Adhering to naturalist life aesthetics, we dedicate ourselves to blending functional outdoor living with natural scenery and bringing this lifestyle to global audiences.

For all who cherish life in the open air

ELEMENTI®

Concrete Furniture - Where Form Meets Nature

When concrete is crafted to be felt, a quiet dialogue arises between space and nature.

Taking inspiration from river-polished stones and wind-carved rock, ELEMENTI preserves nature’s subtle marks into timeless furniture for daily life.

Shapes evoking driftwood, sun-baked soil and quiet horizons carry the beauty of natural elements.

For living rooms, terraces and conservatories, ELEMENTI brings nature within reach, creating spaces for you to slow down and live fully with your senses.

For Indoors and Outdoors

Suited for living rooms, terraces and gardens, ELEMENTI delivers outstanding durability in all settings.

Strength That Endures

Reliable, resilient and timelessly beautiful.

+ Weatherproof to the Core

Our proprietary concrete formula resists heat, frost and damp. It holds shape and colour under sun, rain and snow.

+ Robustness You Can Feel

Fire and moisture resistant, anti-crack and anti-flake, built to last for generations.

+ Low Maintenance

Sealed closed-pore surface repels dirt. Simply wipe with a damp cloth; no special upkeep needed.

STANDARD TEXTURES AND COLORS

Through handcrafted, the surface of GFRC presenting a naturally, unique texture with subtle color gradients and textural variations. It creates a deep and solid sensory experience. This characteristic is particularly distinctive among many surface materials. The standard GFRC color palette is shown below, with each color achievable in diverse effects through different surface treatment processes.

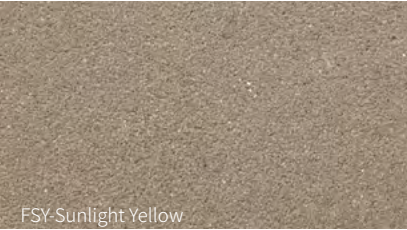

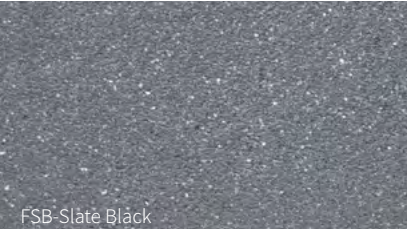

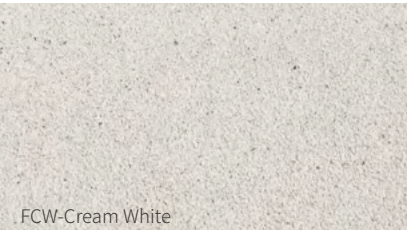

HONED

- Presents a classic, smooth concrete appearance, retaining naturally formed fine pores for a delicate and authentic texture.
- Surfaces are coated with a high-performance nano-coating that protecting against various stains and oil.

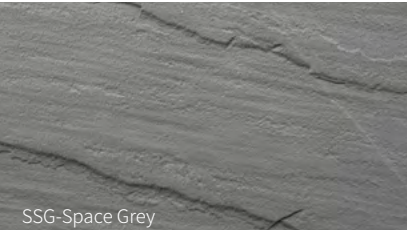

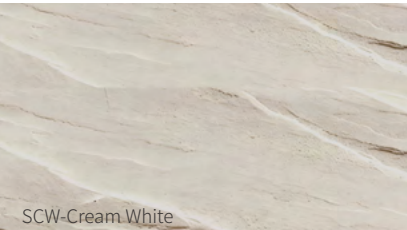

SANDSTONE

- Surface has a more pronounced rough texture, presenting the unique gritty feel of Sandstone with a style leaning towards natural and industrial.
- Surfaces are coated with a high-performance nano-coating that protecting against various stains and oil.

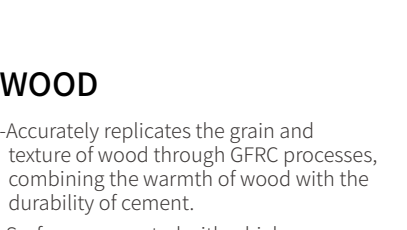

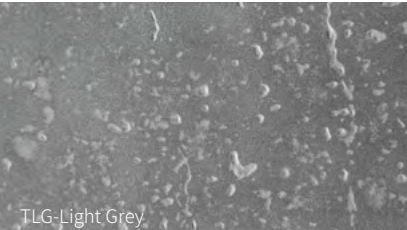

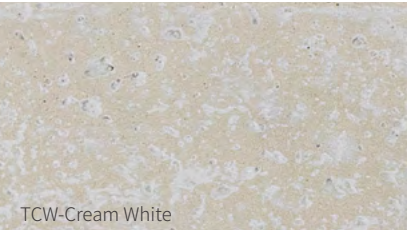

SLATE

- Mimics the texture effect of natural slate after splitting. Clear layered lines and a naturally raw tactile feel, suitable for designs emphasizing natural style or architectural sense.
- Surfaces are coated with a high-performance nano-coating that protecting against various stains and oil.

TRAVERTINE

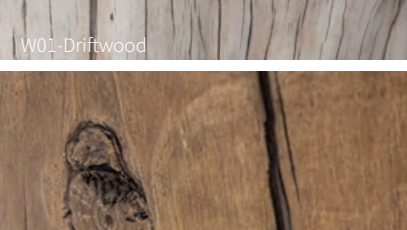

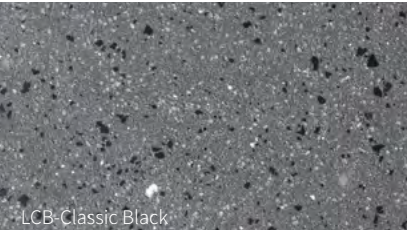

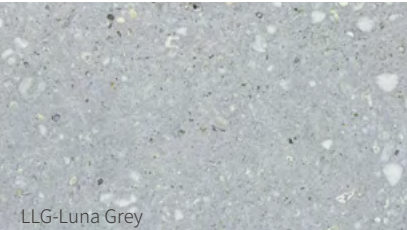

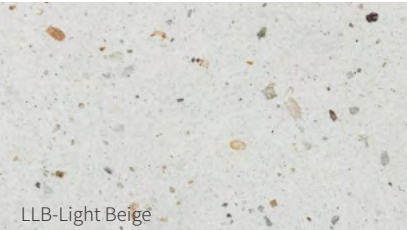

- Inspired by the classic and widely popular travertine texture, the surface shows naturally undulating textures and retains the iconic porous effect of travertine, offering strong decorative appeal and natural stone beauty.
- Surface is treated with a sealant, balancing aesthetics and practical protection.

W03-Ash Wood

LIMESTONE

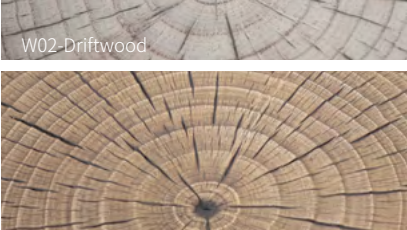

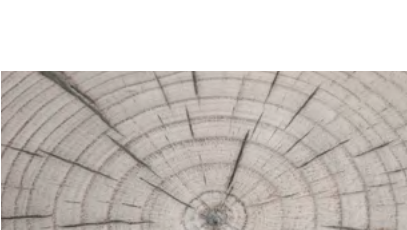

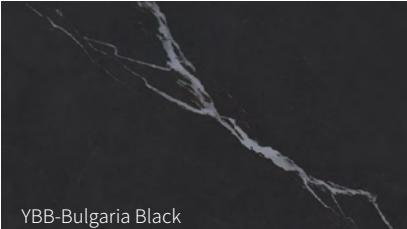

- Embeds natural aggregates of different sizes and materials into the concrete base, forming a rhythmic and decorative surface effect, combining vintage charm with modern design sensibility.
- Surfaces are coated with a high-performance nano-coating that protecting against various stains and oil.

W01-Redwood

MARBLE

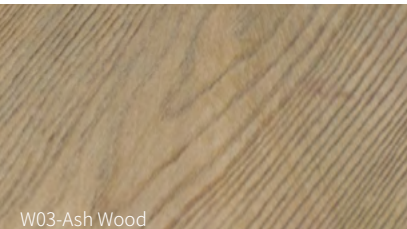

- Uses water transfer printing to evenly apply high-precision patterns onto the surface, capable of presenting wood grain, stone patterns, or other customized texture effects, achieving highly realistic material representation visually.
- This process maintains pattern integrity and continuity on complex curved surfaces and irregular structures, suitable for designs with high decorative effect requirements.
- Surfaces are coated with a high-performance nano-coating that protecting against various stains and oil.

W02-Redwood

WOOD

- Accurately replicates the grain and texture of wood through GFRC processes, combining the warmth of wood with the durability of cement.
- Surfaces are coated with a high-performance nano-coating that protecting against various stains and oil.
